

Turn food industry by-products
into secondary feedstuffs
via circular-economy schemes

3rd meeting of NEWFEED PRIMA Project Advisory Board

12th June 2024, online videoconference

Dear Mr./Mrs.,

We are pleased to invite you to the 3rd meeting of **NEWFEED PRIMA Project Advisory Board** (<https://newfeed-prima.eu/>) with the aim of having your opinion and sharing knowledge among interested agents about the proposed solutions for the food industry side streams valorisation as alternative ingredients for animal feeding.

The Project aims to **develop and adopt alternative animal feeds** by setting up a **circular economy approach in the livestock production and turning food by-products** into high value secondary animal feedstuff. This will increase the Mediterranean livestock sustainability by valorising local food by-products and reducing environmental impact and costs.

The Project partnership is formed by:

Meeting agenda:

10:00 – 10:10	Welcome to the meeting and objectives and expected results
10:10 – 11:00	Presentation of technical solutions: 1) Use of grape stem from wineries for dairy sheep and cattle 2) Use of orange peel from orange juice industries for dairy sheep 3) Use of olive cake form olive oil industry by-products for poultry.
11:00 - 11:45	Stakeholders feedback about the Implementation Strategy
11:45 - 12:00	Main conclusions and closing of the meeting

The meeting will be held by **videoconference and English language**.

Please confirm us your attendance to send you the link to participate in the meeting.

Do not hesitate to contact us for more information.

Best regards,

NEWFEED PRIMA partnership.
